Subject: RE: Comments on Chapter 1 clarification (UNCLASSIFIED)

Classification: UNCLASSIFIED
Caveats: NONE

Ann,

The point of my comment is just that USACE will make permit decisions under CWA 404, RHA Section 10, and RHA Section 14, as appropriate. It's not limited to "technical input and guidance". The first part of the sentence, "Regulatory agency" would imply that that all of the agencies have a decision(s) to make.

Simply, I'm suggesting that the text be clarified so that it is clear that USACE has to make permit decisions in addition to providing technical input and guidance.

Hope this helps.

Sorry this is for the BDCP EIR/EIS. I think Mike resent your comments on chapter 1 from the last review in December. Ann

Ann,

What document is this for?

Thanks,

Claire Marie

Hi Claire, in order to provide specific guidance could you suggest some text to clarify the USACE role. Thanks, Ann

4

Chapter 1, page 1-10, lines 33-37

While USACE is identified as a cooperating agency, our role is not limited to providing technical input and guidance.
